

International Online Training Firm Fair 2020

10.-12. November, 2020

INVITATION

State Vocational Education Institute cordially invites you to participate at the International Online Training Firms Fair 2020, which will take place in November 10-12, 2020.

The organizational and professional guarantor of the fair is the State Vocational Education Institute, the Financial Literacy Department and the Slovak Centre of Training Firms (SCCF). Other co-organizers of the International Online Training Firms Fair are the University of Economics in Bratislava and selected schools.

An online conference on entrepreneurship education and financial literacy will also take place during the fair.

This year, the fair also includes Training Firms competitions, where the Training Firms will compete online in the categories of logo, slogan, business card, catalog, website with e-shop, electronic presentation and video advertising. The online competitions will be announced on June 10, 2020.

The competitions will be evaluated by commissions of jurors, in which our partners from the University of Economics in Bratislava, the Slovak Business Agency, the Association of Young Entrepreneurs of Slovakia and the Comenius University in Bratislava have promised to participate.

The Training Firms support the financial literacy, economic and legal awareness of young people through entrepreneurship education and training, which are among the top priorities of the highest bodies of the European Union. The International Training Firms Fair provides the opportunity to communicate in a foreign language, solve business cases, establish business and partnership relationships with the support of real partners.

We believe that by participating, you will contribute to the successful course of the International Online Training Firms Fair 2020 and support the development of key competencies of graduates of our secondary schools, who will be able to apply in the labor market in business or employment.
